

Community Economic Development

Building Personal Assets Training

This area employs programs that focus on providing adult trainings on how to increase personal skills and value in areas such as finances, parenting, personal relationships, etc.

Neighborhood Enrichment

This area employs programs that work with neighborhood associations and residents to support and/or create community activities focused on improving the neighborhood. These activities can include neighborhood activities, workshops, beautifying the neighborhood, etc.

Swan Park Rebuild in collaboration with KaBoom and 29th Street Weed and Seed Coalition in 2009.

Health Clinic Services

This area provides health information and screening services to residents in a target community through quality health care and healthy lifestyle education workshops and activities.

Dental screening health clinic in Sunnyside Neighborhood in 2009.
